### Future of Worship

In the current unknown climate, we are unable to worship together. However, this may have created opportunities for us as congregations to investigate alternative ways to worship and therefore reach a wider congregation base. We are currently investigating the possibility of services online and you will be informed when it becomes available.

The Bulletin will be uploaded to the Parish website and emailed out.

This will contain the readings for the week and websites and links for worship.

### **NOTE CHANGE:**

**Please send Bulletin notices by midday Wednesday to Lauren Kakoschke**
